The referee(s) will be informed of your request via an automatic e-mail following the completion of the online application. **The upload of the letter must be done by the deadline for applications** (set, for each PhD course, in Annex 1 of the Call). By the same deadline you will be allowed to cancel or replace the referees previously entered; in this case, the system will inform by e-mail the canceled referees that a reference letter is no longer required from their side. It is not possible to cancel the name of a referee who has already uploaded the reference letter.

It is your responsibility to make sure the reference letters are uploaded by the deadline for applications. We suggest that you check that your referees have received the e-mail request; otherwise, the e-mail may be in the spam folder.

10. The online application is correctly concluded once the system has generated the notice for the payment of the application fee (€ 35).

Once the online application has been completed and **no later than the deadline for applications** set, for each PhD course, in Annex 1 of the Call, you will be allowed to:

- **modify the data** entered during the application procedure (login > admissions > admission tests > link of the PhD competition you are registered for > blue button "Modify the registration"). **Warning: to save the modifications, you will have to conclude the full application procedure anew;**
- **modify the description of an attachment already uploaded or upload a new attachment** (login > admissions > admission tests > link of the PhD competition you are registered for > blue button "Enter/modify qualifications");
- **cancel the documents already uploaded** (login > admissions > admission tests > link of the PhD competition you are registered for > blue button "Modify the registration"). **Warning: to save the modifications, you will have to conclude the full application procedure anew;**
- **Add, replace and/or cancel the data of the possible referee(s)** (login > admissions > admission tests > link of the PhD competition you are registered for > blue button "Modify the registration"). **Warning: to save the modifications, you will have to conclude the full application procedure anew.**

In the final registration page, in the referees' table, you will be able to check if the referees have already uploaded their reference letter; if not, you can send them a reminder by e-mail by clicking on the appropriate icon. You will not be allowed to download or open the file uploaded by the referees.

AFTER THE ONLINE APPLICATION:

Pay the application fee (see the Call for applications, art. 5, para. 2) of € 35, **by the deadline set in the Call for applications. Failure to pay the application fee by the deadline will result in exclusion from the PhD competition.**
